LOTS OF SKID-STEER MUSCLE IN A SMALLER PACKAGE!

Got to get the work done, but don't have much space to maneuver? Give the Bobcat® 553 skid-steer loader a try!

The 553 delivers 950 pounds of lift capacity, yet easily fits through narrow openings. It weighs only 3,704 pounds for easy trailering.

With a travel speed up to 6.4 mph, you'll get your longer-run jobs done faster. And this peppy 553 loader is also better balanced for greater work efficiency.

It features proven safety technology — the Bobcat Interlock Control System (BICS™). BICS requires the operator to be seated in the loader with the seat bar in place and the engine running. After the "press to operate loader" button is pushed, the hydraulic lift/tilt functions and traction-drive system can be operated.

Plus, with the 553 you get more than an exceptional skid-steer loader — you get unmatched support from a worldwide network of Bobcat dealers offering industry-leading attachments, accessories and parts availability. Their factory-trained service technicians are equipped to handle all your parts and service requirements, including engine and hydrostatic/ hydraulic components. There's also an excellent warranty program.

See your Bobcat dealer for details.

The Bobcat 553 — it's the agile, reliable loader that can improve your tight-fit job efficiency!

950 LB.
Rated Operating Capacity

103.7 IN.
Lift Height

25 HP
Liquid-Cooled Diesel Engine

NOTE - Where applicable, dimensions are in accordance with Society of Automotive Engineers (SAE) and ISO standards. Specifications and design are subject to change without notice. Pictures of Bobcat skid-steer loaders may show other than standard equipment. All dimensions are shown in inches. Respective metric dimensions are enclosed by parentheses. Bobcat Company complies with the requirements of ISO 9001 as registered with BSI.

[1]Operating capacity rated with standard digging bucket according to SAE standard J818 – OPERATING CAPACITY TO EQUAL NO MORE THAN ONE HALF THE TIPPING LOAD.

[2]Bucket positioning helps operator keep the same tilt of the load during lifting.

[3]Includes lexan front door, top and rear windows.

[4]Special application kit (see #3) must be used.

A. 27 x 8.50 – 15 Tires – 47.0" (1194 mm)
